## GREEN SKILLS PLATFORM FOR SUSTAINABLE EMPLOYMENT DEVELOPMENT (GREENSEED)

### Green Skills Platform for Sustainable Employment Development (GREENSEED) ROHU-399

#### Project's main objectives:

- to create more jobs, in the same time supporting climate change
- to give skills to people for better positions on the job market (upskilling and reskilling according to the labor market needs)
- to provide support to company managers, start-ups, young people to make more friendly environment
- to promote the concept of friendly-environment companies (in the business environment, as well as in schools, VETs and universities)
- to develop green skills and green employment opportunities (to all categories of people based on non-discrimination principle)

#### Project Duration:

1.03.2019 – 31.10.2021

#### Project activities:

- WPM: Project Management Activities: Project Management Documentation and Monitoring and Reporting
- WPT1: “GREEN JOBS AT GREEN COMPANIES”: Training focused on EMPLOYERS / MANAGERS. The training will provide knowledge and skills which are required at companies that intend to conduct environmentally responsible business development.
- WPT2: “GREEN SKILLS”: Training focused on EMPLOYEES. The training will give knowledge that people can actually use in their life (and not just theoretical issues) and help them positively influence opportunities.
- WPT3: Production of Guide in English/Romanian/Hungarian on “GREEN JOBS AT ENVIRONMENTALLY RESPONSIBLE COMPANIES”

The project is implemented under the Interreg V-A Romania-Hungary Programme, is financed by the European Union through the European Regional Development Fund and co-financed by Romania and Hungary
